

OPTI-TRIM

ALL IN 1: LUG LOADER, FENCE, TRIMMER

WHAT IS THE OPTI-TRIM

- **3 System in 1:** lug loader, positioning system & trimmer in One same system called the **Opti-Trim**

Advantages of the OPTI-TRIM

- Very little space required : only 8 ft long for 3 different systems
- The most compact trimming system in North America
- Unique and patented system that produces every length of boards in one same production
- The Opti-Trim performs cut-in-two & cut-in-three without modification to the production line
- Can be install in only 102 inches of space
- Best Trimming precision in the industry
- Can be install in both green lumber mills (sawmill) and Planer mill
- Simplified maintenance with an easy access to the components
- Easy integration & installation: 1 small system instead of 3

OPTI-TRIM
